

TRAINMEN DEFY BOARD: WALK OUT AT NOON TODAY

DESPONDENCY IS CAUSE OF DEATH OF DIXON WOMAN

Mrs. George Henky Took Own Life Early Today.

Mrs. George Henky, 111 Artesian Place, ran from her home at an early hour this morning and ended her life by jumping into Rock river at the foot of the street, where about a half hour afterward her body was found by her husband. It is believed that worry because of ill health caused the woman to suicide. Coroner Samuel J. Whetson arrived from Steward about noon and conducted an inquest at the Preston mortuary this afternoon.

Mrs. Henky awoke her husband about 3 o'clock and asked him to get up and start a fire in the furnace. Mr. Henky got up, dressed and went to the basement to comply with her request, and Mrs. Henky also arose and was dressing herself when her husband went to the basement.

After building the fire Mr. Henky returned to the living room but could not find his wife. He went to all the rooms in the house calling for her but received no response, and he then went out into the yard but was unsuccessful in his search for her. He started toward the river on Artesian Place and met one of the employees of the pumping station, who told him that he had heard an unusual noise near the river bank and pointed out an object floating on the water about 20 feet from shore.

Life Was Extinct.
The men secured a boat and rowed out to the object, which Mr. Henky found was the body of his wife. She was taken from the water and carried to her home. Dr. C. H. Bokhof was immediately summoned and believing that there was yet a chance for recovery, a lung motor was taken to the home and used, but life was doubtless extinct before the woman had been taken from the water. From the time that her husband left her in their home to go to the basement to build a fire until the body was recovered, about a half hour's time had elapsed. It is believed that she ran direct from the house and jumped into the river.

The body was later removed to the Preston mortuary, where an inquest was conducted. Mrs. Henky had been in ill health for several months and had complained to close friends recently of suffering from dizzy spells. It is believed that she brooded over this and became despondent, suiciding by drowning to end her suffering.

Miss Barbara Faulhaber was born, Sept. 24, 1867, in Dierksheim, Baden, Germany. When a girl 13 years old, she came to Dixon with her parents, George and Selma Faulhaber. She was united in marriage to George Henky, Oct. 1, 1887, and besides her husband, she leaves one brother, Geo. Faulhaber of Chicago, beside a number of relatives and friends in this city, where she has lived for nearly 50 years.

Funeral services, which will be strictly private, will be conducted from the Preston funeral chapel Monday afternoon at 2 o'clock. Rev. A. J. Graf officiating. Interment will be in Oakwood.

New Store to Take Loan Assn. Rooms

The Great Atlantic and Pacific Tea Company of New York will open a grocery store in the Dixon Loan & Building Association's building, 119 South Galena avenue. The company will be ready for business December 1st. The office of the Loan & Building Association will move upstairs in the building and will occupy the entire floor. Attorneys James Watts and Brooks & Brooks will be compelled to seek new quarters.

Charles Franks Held for Wife Desertion

Charles Franks, former proprietor of the Colonial cafe, is confined to the county jail, having been brought here from Peoria on a warrant charging him with wife desertion. The warrant was sworn out by Mrs. Franks before Justice Martin J. Gannon and Franks will have a preliminary examination this forenoon.

Former Harmon Man Passes Away Friday

Patrick Larkin, a former resident of Harmon, died in Chicago Friday morning. The remains of this highly esteemed gentleman will be shipped to Ohio, Ill., today, and the funeral services will be held Sunday.

William Turner of Amboy was a visitor in this city today.

LEE SHERIFF IS ASSISTANT WHEN NEGRO IS HANGED

Schoenholz Helped in Execution Friday at Urbana.

Sheriff Frank Schoenholz returned home last evening from Urbana, where he went in company with Sheriff George Banning of Oregon to attend the hanging yesterday of Frank Christmas, a negro. Both the Lee and Ogle county sheriffs assisted in the execution of the negro who had confessed to having murdered his wife and then attacking his mother-in-law.

Sheriff Banning assisted in tying the noose and strapping the murderer while the Lee county sheriff stood below the trap with the doctors and cut the prisoner down. When led onto the scaffold Christmas presented Sheriff Schoenholz with a small booklet, the book of Mark of the new testament. In a short talk on the gospels he gave a brief description of his life, telling that his mother died when he was three years of age, his father when he was eleven years old and that he was then thrown upon his own resources. He stated that he held no malice toward the officials who had prosecuted and in closing said that he was about to join his parents. The trap was sprung and the prisoner was choked to death.

JAP DELEGATION RAN INTO WORST CYCLONE AT SEA

Seas Sixty Feet Over Ship's Deck Wash- ed Over It.

Aboard teamship Kashima Maru, Oct. 22.—(By radio to the Associated Press.) A cyclone characterized by the ship's commander as the worst in thirty years' experience at sea, Thursday struck this ship, carrying among other passengers the principal delegates to the Japanese mission to Washington conference.

Prince Tokugawa, head of the delegation, narrowly escaped injury when a tremendous wave smashed the door of his room to splinters and hurled fragments of the broken mirror in his bureau flying about the compartment.

Seas 120 feet high, towering sixty feet above the ship's flying bridge, swept aboard, demolished furniture in the saloon and cabins, sent trunks and other articles spinning across the decks, wrenched the chairs in the dining saloon from their fastenings and tumbled passengers into the scuppers.

Today the vessel finally broke from the cyclone's grip, 1,665 miles out of Yokohama.

Gene Geary Didn't Escape from Chester

By Associated Press Leased Wire
Springfield, Ill., Oct. 22.—Gene Geary, Chicago murderer is safe in Chester penitentiary, according to information received by State Superintendent of Prisons John L. Whitman at noon today, following private telephone reports he was among the seven who had escaped from the penitentiary insane asylum.

Mr. Whitman's announcement that Geary was still behind prison walls, was not based on specific information of that prisoner, but on a telegram containing the names of the seven missing. Gene Geary, Mr. Whitman said, is in a cell, so situated that escape would be almost impossible.

The seven who did break away, according to Mr. Whitman, were dormitory prisoners, who while adjudged criminally insane, are deemed safe companions to one another. They broke the lock on a door. Two of them are under life sentence for murder, one for manslaughter and four were consigned from Peoria and Cook counties.

Knights of Columbus Will Hold Bazaar

The Knights of Columbus have completed arrangements to hold a bazaar in their hall for seven nights, commencing Saturday, November 5 and closing Saturday, Nov. 12. Every effort will be put forth by the members to make the affair one that will appeal to everyone, with special features each evening. The floor of their hall is being resanded and re waxed and when completed will be equal to any in this city.

Fred Harck's Auto Strikes Street Car

Fred Harck had a narrow escape from serious injury shortly before 11 o'clock today, when the car he was driving, struck a street car at the corner of First street and Galena avenue. Mr. Harck escaped injury, his car being slightly damaged.

C. E. Drummond was a Dixon visitor today.

MAYBE HE'LL FORGET THAT THEY'RE CO-STARRING

FORMER EMPEROR OF AUSTRIA MAY BE IN PLOT FOR A THRONE

Charles Journeyed to Dis- puted Territory in an Airplane.

London, Oct. 22.—(By The Associated Press.) Former Empress Zita of Austria-Hungary, is reported in a Central News dispatch from Vienna to have arrived at Oedenburg in the airplane with her husband.

Vienna, Oct. 22.—(By Associated Press.)—Admiral Horthy, the Hungarian regent, is rumored here to have fled from Budapest this morning following news of the arrival of Ex-Empress Zita. In his former domain, Budapest, advisers state that a legitimist government has been formed there.

The railways telephone and telegraph lines have been cut at the Hungarian frontier.

The situation in Vienna is tense, as the result of the former ruler's sensational move.

It is rumored here that the Czechs are mobilizing. The Austrian government announced the entire reserves had been called out and extra ammunition dispatched to the frontier forces.

TRAVELED IN PLANE

Berne, Switzerland, Oct. 22.—Former Emperor Charles of Austria has arrived at Oedenburg, Burgenland, in an airplane from Switzerland, says a Vienna dispatch received here. The former emperor, since his attempt to carry out a coup d'etat in Hungary last March, has been at Hertenstein, near Lucerne.

HUNGARY WILL ACT

Paris, Oct. 22.—The Hungarian government will act as it did on the occasion of the previous attempt of former Emperor Charles to resume the throne in Hungary, according to information obtained here today and will take measures to arrest the for-

WEATHER

SATURDAY, OCT. 22, 1921
By Associated Press Leased Wire
Chicago and vicinity—Fair tonight and Sunday; cooler tonight; moderate to fresh north and northeast Sunday.
Illinois—Fair tonight and Sunday; cooler in north portion tonight.
Wisconsin—Fair tonight and Sunday; cooler tonight.
Iowa—Fair and slightly colder tonight; Sunday fair and slightly colder; Sunday fair, becoming unsettled in west portion.

FORECAST FOR NEXT WEEK
By Associated Press Leased Wire
Washington, Oct. 22.—Weather predictions for the week beginning Monday include:
Region of the Great Lakes, Upper Mississippi and Lower Missouri valleys—Normal temperature and generally fair weather.

LOCAL TEMPERATURE
The range of the local temperature during the 24 hours ending at 6 p. m. Friday was between 63 and 33 degrees above zero.

The district of Burgenland is disputed territory lying along the frontier between Austria and Hungary. It was awarded to Austria but was occupied some months ago by Hungarian irregular troops. At a conference held in Venice last week it was decided that Burgenland should be turned over to Austria, but that Oedenburg and its surrounding districts should hold a plebiscite which would decide the future status of that immediate territory. Hungarian leaders, particularly former Premier Friedrich, declared they would not withdraw the Hungarian troops in the district.

Behind the attempt of the Hungarians to retain possession of Burgenland there has been the threat of a return to West Hungary of former Emperor Charles.

Sheriff Instructs Deputies to Remain Silent on Small Case

By Associated Press Leased Wire
Waukegan, Ill., Oct. 22.—Sheriff Green announced today that he had instructed his deputies calling veniremen for the jury which will try Governor Len Small on a charge of embezzlement while he was state treasurer, to say nothing of the case.

"If the prospective jurors have knowledge of the case when they are called it will be through reading the newspapers or other sources," the sheriff said. "Nobody will be able to say they have talked with us about the case."

AMBOY CHILD IS TAKEN

A special meeting of Friendship lodge No. 7 A. F. & A. M. for degree work will be held at 6 o'clock this evening.

SCENERY FOR DIXON THEATER AWARDED BEST FIRMS IN U. S.

Settings Will Be Equal of Any in Larger City Theaters.

The contract for the new opera house scenery was let yesterday to a Chicago company, Sosman & Landis. The new amusement house will be equipped with all scenery necessary for moving pictures, vaudeville, traveling attractions and local entertainments, including the Elks' Minstrelsy. There will be two complete picture settings—one arranged in the rear of the stage, one in front. There will be five different drops for vaudeville acts. A fireproof asbestos curtain, meeting all of the state fire inspectors' requirements, will hang in front of the stage. The main curtain will be of heavy plush, with satin applique decorations, which will hang with graceful folds down from the center in metropolitan fashion. There will be the usual elaborate lighting effects.

New York Artist.
The contract with this firm calls for the exterior scenes to be decorated and painted by Thomas Moses, recognized during the past twenty-five years the leading scenic artist west of New York city. Moses has painted the equipment in nearly all of the Chicago theatres and all of the equipment for Sarah Bernhardt's production on the last visit to the United States. The local opera house when completed will be just as beautiful as any motion picture theatre in Chicago.

Delay Reporting of Special Panel Jury

The special panel of petit jurors who were to have reported for duty Monday afternoon at 1:30, have been ordered not to report until Thursday morning. The coronator will case which is now being tried in the circuit court, is still in progress. The jury in the case was excused this morning by Judge Edwards, a recess being taken until Monday morning.

Legion-Auxiliary Bazaar Opens Tonight

The members of the American Legion will give a bazaar in Rosbrook's hall, starting this evening. There will be good music each evening and various other attractions. Watch the Telegraph for announcements.

A. R. & A. M. SPECIAL

A special meeting of Friendship lodge No. 7 A. F. & A. M. for degree work will be held at 6 o'clock this evening.

TELEGRAPHERS VOTE TO JOIN IN BIG STRIKE

Will Walk Out Same Time Other Union Men Do.

BULLETIN
Chicago, Oct. 22.—(By the Associated Press.)—The telegraph shop crafts today decided they will not strike.

The shop crafts which embrace six unions affiliated with the American Federation of Labor, issued a statement declaring it was not evident that the membership of the four big brothers, would not co-operate with the other unions in event they strike.

600,000 men are affected by the shop crafts decision. The six unions involved are the Brotherhood of Railway Carmen of America; the International Brotherhood of Electrical Workers; the International Association of Machinists; the International Brotherhood of Blacksmiths, Drop Forgers and Helpers; the Amalgamated Sheet Metal Workers International Alliance; the International Brotherhood of Boilermakers, Iron Shipbuilders and Helpers of America.

Chicago, Oct. 22.—(By the Associated Press.)—President E. J. Manion of the Order of Railroad Telegraphers issued the following statement:

"The grand officers and general committee of the Order of Railroad Telegraphers have decided that the order will participate in the strike with other railroad employees for the purpose of compelling a restoration of the wage decreases made effective on the railroads of the United States July 1, 1921.

"Our general chairman have concluded their deliberations and are returning to their respective headquarters for making the strike effective on the same railroads and dates named in the strike order of the other transportation organizations."

There are 80,000 members of the telegraphers' union of whom 75,000 would be affected by a strike, the other 5,000 being employed on Canadian lines.

FATHER KILLED DAUGHTER, 15; AFTER WEDDING

Elopement with Older Man Results in Tragedies.

By Associated Press Leased Wire
Canton, Ill., Oct. 22.—Inflamed by the elopement of his 15 year old daughter, Rose, with her sweetheart, Mike Mihelich, 37 years old, after they had been denied a marriage license Tuesday in Peoria, Thomas Feltz, farmer, shot and killed the girl last night and then blew out his brains. It was learned here today.

The tragedy occurred at the Feltz home two miles northwest of Bryant, Illinois, upon the return of the couple. Feltz, it is alleged had brooded over his failure to separate his daughter and Mihelich and is believed to have lost his reason when they eloped to Peoria last Monday. Mihelich and the Feltz girl returned to their homes in Bryant explaining that they had been married in Iowa subsequent to their failure to obtain a license in Peoria.

According to details obtainable at this time Feltz seized a shotgun as soon as his daughter entered and shot her dead. Then he turned the gun on himself and died instantly. County officials found Mihelich at his home nearby and placed him under arrest.

THIRD BEREAVEMENT IN FORTNIGHT FOR MRS. FISTER

Mrs. Rhoda Fister has received news of the death of her sister-in-law, Mrs. Betsy Baxter of Seattle, Wash. This is the third death in Mrs. Fister's family within a fortnight, the first being that of her daughter at Madison, Wis., and the second of her brother-in-law in Bureau county.

D. H. S. TO STERLING

Dixon high school foot ball players and a large number of students went to Sterling this afternoon for the first meeting of the Dixon and Sterling teams this season. A parade of teams and students of both schools prior to the game had been planned by the Sterling school and an enormous crowd was expected to witness the struggle.

NEW CANDY CASE.

A handsome new mahogany candy case has just been placed in the Sterling refreshment parlor on Galena avenue. The case is equipped with electric lights and is a pleasing addition to the furnishings of the room. The case which appeals to popular Dixon taste, however, is the one filled with Ben Snyder's home-made candies.

AMBOY CHILD IS TAKEN

Mrs. Lawrence Kelly received a telephone message this morning conveying the sad news of the death of the three-months old son of Mr. and Mrs. Walter Derwent of Amboy.

TEXAS RAILROAD, FIRST LISTED FOR STRIKE, HIT WHEN WORKERS QUIT JOBS: BOARD IS UNADVISED

R. R. Officials Say Passenger Trains Will Continue.

Chicago, Oct. 22.—(By the Associated Press.)—One fourth of the railroad workers of America—the 600,000 members of the federated shop crafts—today went on record against a strike, and voted to remain at work pending decision by the United States Railroad Labor Board in the rules and working conditions case.

By their decision they dealt the most serious blow yet recorded against the Big Four brotherhoods and the Switchmen's Union, which have ordered a walk-out October 30th. The shop crafts, known as the railway employees department, American Federation of Labor, are said to control more railroad workers than any individual union. Their action also is declared to be against any active support of a railroad walk-out.

BULLETIN.

Chicago, Oct. 22.—(By the Associated Press.)—The United States Railroad Labor Board at 2 p. m. was without official advice that the trainmen on the International & Great Northern Railroad of Texas had quit their places.

The board, however, went into session on receipt of newspaper reports to discuss what action shall be taken for the violation of yesterday's order to the unions to preserve the status quo.

The Labor Board announced this afternoon that it had been advised J. Stanley Joyce, president of the Tremont & Gulf Railroad, had telegraphed Eugene Ford, general manager of the road at Winnfield, La., suggesting he respect the board's orders and suspend plans to break contracts with the unions.

Just as the board went into session word came from the hotel where the Order of Railroad Telegraphers is in session that the union has decided to join the brotherhoods and quit work if the strike becomes effective.

ARMED GUARDS ON DUTY.

Houston, Texas, Oct. 22.—Armed guards took up patrol duties at the International & Great Northern yards here at noon as 150 trainmen members of the brotherhood abandoned their work. Switching in the yards was at a standstill but operating officials said all passenger train crews will be maintained, the place of the strikers being filled by new men.

TRAINMEN QUIT AT NOON.

San Antonio, Texas, Oct. 22.—Two hundred and fifty brakemen and switchmen of the International & Great Northern Railroad, San Antonio division, walked out promptly at noon today.

EARLY MORNING SITUATION.

By Associated Press Leased Wire
Chicago, Oct. 22.—(By the Associated Press.)—Hopes for a peaceful settlement of the national transportation crisis were brighter today with the agreement of rail executives and brotherhood strike leaders to respond to the summons of the labor board for an open conference here next Wednesday on the wage and working rules dispute.

While brotherhood chiefs, in conference at Cleveland, stated their willingness to meet the executives and the board, it was indicated they had made no plans for suspending the strike plans pending the negotiations.

Reports from the San Antonio headquarters of the strike of 600 trainmen on the International & Great Northern, called for noon today, declared it would be a "100 per cent affair."

Roads Obey Citation.

S. M. Felton, president of the Chicago & Great Western, and chairman at the meeting of western executives here yesterday, declared the executives would obey not only the order to appear for the conference but also the board's order that the situation remain unchanged pending the conference and the board's decision resulting from it.

Measures to combat the strike will be abandoned, he said, until the hearing but advertisements to fill the places of strikers appeared today in St. Louis newspapers.

The strike decision of the eleven other railroad unions, comprising three fourths of the railroad employees, also was expected today. Leaders of the Stationary Firemen and Maintenance of Way Employees voted yesterday to call a strike, but set no date, announcing that their action depended upon the shompen, whose executive committee meets today to vote on a walk-out. B. M. Jewell, president of

(Continued on Page 2.)

STRIKE BULLETINS

BEGAN AS SCHEDULED

By Associated Press Leased Wire
Dallas, Texas, Oct. 22.—Reports reaching here up to 1 p. m. indicated the walk-out of the switchmen and brakemen on the International & Great Northern began in some places as scheduled. San Antonio reported approximately 250 men walking out. Thirty men were reported out at Fort Worth, 150 at Houston and 10 at Austin.

It will not be known until the trains reach terminals how many others may actually quit.

FEDERAL GOVT. READY.

Washington, Oct. 22.—Instructions covering the course of action to be pursued by federal authorities in Texas as if the strike on the International & Great Northern Railroad called for noon today is carried out, were in preparation this afternoon at the Department of Justice.

LEE IS POWERLESS.

Cleveland, Oct. 22.—(By the Associated Press.)—Referring to the strike of approximately 600 members of the Brotherhood of Railroad Trainmen, scheduled for noon today on the International & Great Northern Railroad of Texas, W. G. Lee, president of the trainmen, this morning said: "The men and committees of the brotherhood on that road have voted to withdraw from the service, and authority, as vested in our constitution, has been given them and the matter is entirely out of my hands."

ORDER CAME TOO LATE?

By Associated Press Leased Wire
Winnfield, La., Oct. 22.—The Tremont & Gulf Railway, a 67-mile line between here and Tremont, was operating on an open shop basis today, despite the order of the railroad labor board that the road rescind its order putting the open shop into effect. Eugene Ford, general manager, said the labor board's order had been received after the change had taken effect.

STRIKE SUMMARY

By Associated Press Leased Wire

Following are today's developments in the threatened railroad strike:

SAN ANTONIO—Trainmen on the International & Great Northern go forward with plans to strike at noon, despite orders from the labor board. Leaders say only W. G. Lee, president of the brotherhood, can prevent walk-out.

CLEVELAND—Lee declares men are prepared to strike on three grounds, the wage cut of July 1, proposed further wage cuts, and the proposed elimination of certain rules.

WASHINGTON—President Harding and other governmental agencies maintain "hands off" attitude, to give labor board ample opportunity to effect a settlement.

CHICAGO—Labor board completes plans for hearing unions and roads next Wednesday. Telegraphers, shop crafts and clerks continue conference to decide whether or not they will join brotherhoods in strike move.

S. S. Council Will Meet Here Tomorrow

Indications are for a very large attendance of officers and the Lee county and its various district Sunday school organizations at the Council meetings to be held at the Y. M. C. A. building in this city at 2:30 o'clock tomorrow afternoon. Clarence L. DeFew of Jacksonville, business superintendent of the state association, will be the speaker at the meeting, to which all Sunday school workers are invited.

Funeral Franklin Grove Man Sunday

The funeral services for William Miller of Franklin Grove, who died suddenly Friday morning, will be held Sunday afternoon at 2 o'clock at the home in that village. Rev. McWhorter will have charge of the service and interment will be in the Emmert cemetery.

Today's Market Report

mostly packers direct and
feeders of through billings; one car
choice Idaho fat lambs to shippers
8.75; and few loads good fat natives
at 8.00 steady. Compared with week
ago, fat lambs 25 to 50¢ lower; 25¢
sheep and feeder lambs around 75¢
lower.

Weekly Grain Review.

By Associated Press Leased Wire
Chicago, Oct. 22.—With the country
facing threatened general paralysis
of railroad traffic which has fallen
this week to new low record prices
for 1921. Compared with a week ago,
wheat this morning was lower by 7½
to 7¾¢ a bushel, corn down ¼¢ to ½¢
to 1½¢, and oats off ¼¢ to ¾¢. In
provisions, net changes varied from
1.02 to 20¢ advance.
Rapid tumbling of wheat values
followed the issuance of the call for
the railroad tie-up. Simultaneously,
confidence of bulls was further shaken
by a government report showing
that farm reserves of wheat were
larger than had been looked for. Talk
of a possible financial crash in Ger-
many added to bearish sentiment and
so too did Lloyd George's speech
about British unemployment. At this
juncture, however, hopes were re-
vived that the railroad strike would
be averted and despite the fact that
a barley levy between the govern-
ment labor board and the railway
employees' representatives failed to
halt strike preparations, the bull
in wheat continued to expect that a
settlement would be found. Largely as
a result, price rallies ensued, and the
market again became two-sided.
Improved shipping demand together
with smallness of rural offerings,
held corn and oats comparatively
steady. Provisions averaged higher
owing more or less to strike talk.

Leaning Signal Clue to Moonshiner Still

By Associated Press Leased Wire

Ellensburg, Wash., Oct. 22.—Another
and intimate witness was added
yesterday to the list of intoxicated
pigs, staggering cows, inebriated
roosters and other unconscious wit-
nesses that have directed officers to
illicit liquor manufacture.

The new item was a pair of railroad
block signals that stood persistently at
an improper angle.

Making inquiry into the signals pecu-
liar behavior, Special Agent Braund
of the Chicago, Milwaukee & St. Paul
Railway went today to a section house
in the heart of the Cascades. There
he found the signal lines had been tap-
ped to supply electricity to light a
stall still. Sam Matthews, negro, was
arrested and 250 gallons of liquor, said
to be of great potency, was confiscated.

Find Open Verdict in Students' Death

By Associated Press Leased Wire

Millford, Ill., Oct. 22.—The coroner's
jury called to investigate the auto-
mobile accident on the Dixie Highway
Wednesday evening when four Uni-
versity of Chicago students lost their
lives, returned a verdict last evening
of death from accidental causes.
No blame was placed, but the jury re-
commended that the Chicago & Eastern
Illinois Railway place additional safe-
guards at the crossing.

Walter Reckers, 5737 University
Place, Chicago, suffered a broken leg
and arm and several fingers were
cut off, but doctors at the Watske
hospital, where he was taken, say he
will recover.

To Start Withdrawal of U. S. Troops from Germany in 2 Weeks

By Associated Press Leased Wire

Washington, Oct. 22.—The gradual
withdrawal of American troops from
Germany, expected to start within two
weeks, will involve a reduction of the
American forces there to about one-
half of the present strength of 13,500
officers and men. The reduction will
be accomplished by the middle of next
month.

LEGION OFFICER QUILTS

By Associated Press Leased Wire

Springfield, Ill., Oct. 22.—Assistant
Department Adjutant William E.
Rominger of the American Legion
has resigned to accept federal ap-
pointment as head of the East St.
Louis office of the U. S. Veterans'
Bureau.

ROCK ISLAND VS. DETROIT

By Associated Press Leased Wire

Rock Island, Oct. 22.—Twenty
members of the Rock Island Inde-
pendents professional football team,
left yesterday afternoon for Detroit,
where they are scheduled to meet the
strong Detroit Tigers tomorrow at
Navin Field.

WORKMEN'S SIDE OF STRIKE CONTROVERSY TOLD BY UNION HEAD

Thinks Public is "Confused" in Present Situation.

Cleveland, O., Oct. 22.—(By the As-
sociated Press)—Causes for the strike
of railway workers, set to begin in
general at 6 a. m. on Oct. 30, are
enumerated by W. G. Lee, president
of the Brotherhood of Railroad
Trainmen, in a statement to the As-
sociated Press today.

The statement was issued, Mr. Lee
explained, because "the public is
rather confused," as to its causes,
some believing it is for higher wages.
Three causes were ascribed by Mr.
Lee.

(1) The wage reduction of July 1.
(2) Proposed further reductions.
(3) Proposed elimination of rules
which would mean still further re-
ductions.

Carry on Strike Plans.
The three local brotherhood chiefs,
Mr. Lee of the Trainmen, Warren S.
Stone of the Brotherhood of Locomo-
tive Engineers and W. S. Carter of
the Brotherhood of Firemen and En-
gineers, while preparing to obey the
etation to appear before the railroad
labor board in Chicago next Wednes-
day, were also going ahead with the
plans to carry out the strike. L. E.
Sheppard, president of the Order of
Railway Conductors, arrived last
night.

Mr. Lee's statement as to the causes
of the strike follows:
"The public is rather confused as to
the causes for the railway strikes.
There is a belief on the part of some
that the strike is for higher wages
and is not understood to be demon-
stration against a wage reduction to
which has been added propositions
further to reduce wages and elimi-
nate rules which would mean still fur-
ther reductions."

"Railroad transportation employees
even when peak wages were paid, did
not receive advanced wages in keep-
ing with the increased living costs.
The daily rate paid transportation
men was fixed for all classes in the
United States in 1913 and regardless of
the increased cost of living, there
were no increased wages for these
employees until January 1, 1918, and
only then after a most searching in-
vestigation had been made by the
Lane commission to determine what
should be the reasonableness of wag-
es paid transportation employees. This
commission reported that wages were
adequate, and, contrary to public
opinion, did not measure up with
wages paid in other classes of service."

"The rate of a freight brakeman
between Chicago and New York was
\$2.67 a day which was referred to by
the railways in their publicity cam-
paigns as a princely wage, and the
public naturally supposing that a
business representing so much as the
railway business would tell the truth,
accepted the railway statement with-
out question. It does not take long
to determine how much could be
earned in a month of 30 days at a
rate of \$2.67 per day. Until January
1, 1918, \$80.10 was the princely wage
some fifty odd thousand railroad men
received, in what is known as the
eastern territory. Other wages were
in proportion to the wages of the
freight brakemen."

"With the reduction in wages of
July 1, 1921, the present wage of this
employee is \$134.40 for 30 days in the
month and he is fortunate indeed if
he is able to work every day in the
month."

Cites Hazard of Work.
The hazards of the service, exposure
to the weather and very many
other reasons, all contribute their
share toward making him an inter-
mittent, as well as a piece worker.
Transportation employees are not paid
by the month but by the day or trip.
If business requires, they work, if
not, they lost the time. There are
comparatively few men now making
these men out of work. Many of
whom have as high as fifteen years
service, because there is no need for
them, while thousands of others have
to try to live on a few days a month,
which is all the railway service re-
quires from them. Let it be under-
stood that no transportation wages
are paid unless the time is made. It
is true that the railway companies
show wages earned in much higher
amounts than those quoted, but they
do not tell that the higher monthly
amounts represent full time and
overtime. It is fair to assume that
every one who is forced to work ex-
tra time expects to be paid for it."

"The railroad companies have not
been fair in the propaganda against
the employees and it is to be hoped
that before the trouble is over pre-
judiced opinion based on railway pub-
licity misstatements will understand
the exact wage that may be earned
through the normal day's work."

New Landlord Has Strange Tenants

Chicago, Oct. 22.—A cabaret which
is open until one a. m. every night
with dancing and music, a dancing
academy, and a motion picture show
which is open Sundays, all became
tenants of the First Methodist Epis-
copal church, when the church bought
the downtown building where it is
located.

The Rev. John Thompson, pastor
of the church expressed great surprise
today when he looked over his list of
tenants.

The church bought the property as
the site of a new \$300,000 church
edifice, 21 stories high, the erection
of which will start in the spring.

NEWS FROM DEMENTTOWN

Always Fresh and Wholesome
"A LIVE TOWN OF OUR OWN"

Mrs. Sybilla Bates went to Chicago
this morning to visit Mr. and Mrs.
Glenn Wohlke. Mr. and Mrs. Wohlke
are the proud parents of a daughter,
born seven days ago. Mr. Wohlke
is a former Dixon boy.

Brakeman McAllister of the Peoria
passenger has resumed his duties af-
ter being off for several weeks on ac-
count of a sprained ankle.

Dan Blackburn has accepted the
position of yard clerk at the North-
western. Dan has been holding a
night job. The man to take Dan's
place as night baggageman will be se-
cured soon.

"Box Car" Burns was in Dixon for
several days checking up the empty
cars.

Mike Gephart and Inspector Han-
son were seen walking toward Nelson
Friday afternoon.

Mrs. Chester Funk was a visitor at
the Northwestern freight office this
morning, greeting her former office
mates. She was given a royal recep-
tion.

For Sale—A modern bungalow, 5
rooms and bath. A bargain. W. H.
Flaming. 24811

The Northwestern delivered 26 cars
of grain to the Illinois Central last
night. The grain comes from Council
Bluffs and is going to New Orleans
for foreign shipment.

There were 275 cars in the North-
western yards last night and 250 cars
in the Central yards—525 cars in all.
Most of them were moved out in the
night.

The cement company shipped 51
cars of cement last night, 26 over the
Northwestern and 25 over the Cen-
tral.

A broken rail on the northside track
in the Northwestern yards last night
caused the switching crew and Agent
Woods to work until 4 o'clock this
morning.

Illinois Normal is Planning Big Homecoming Next Month

The Illinois State Normal Univer-
sity is planning its first homecoming
for Nov. 4 and 5. Founded in 1857,
the oldest State Normal School in Il-
linois, this fine old institution has
planned and carried out many val-
uable, interesting, and enthusiastic
reunions for its graduates during
commencement week, but never be-
fore has it called "Time Out" during
the school year and extended such a
universal invitation to all its former
graduates, students and friends.

In its long life of sixty-five years
the Normal University has served the
purpose of its founding by furnish-
ing to the state of Illinois and other
states thousands of teachers who
have carried into the school rooms of
our land the high ideals and firm tra-
ditions of American life which have
always been the background of its
teaching. These past and present
teachers are now scattered over the
length and breadth of the United
States but wherever they are—espe-
cially those now living within easy
traveling distance—they are being
urged to return to Normal on the
above dates to renew old acquaint-
ances, to visit the Main Building,
the oldest still in use in America, de-
voted to the preparation of teachers
for the public schools, to observe the
physical growth in the form of new
buildings and equipment, and to im-
bibe anew the old spirit of the school.

Homecoming at I. S. N. U. is re-
ceiving the serious attention of the
faculty, the student body, the Alumni
Association, and all organizations in
the school. The Jesters, who com-
pose the Dramatic Association are to
present Edna Ferber's "Twelve Hun-
dred a Year," on Friday night, Nov.
4th, after which there will be an
"Auld Lang Syne" party. Saturday
will start with a Waffle Breakfast,
then class meetings, and in the after-
noon a football game between I. S. N.
U. and Charleston Teachers' College.
The University Band will help wel-
come the home comers on this occa-
sion. It may be the general con-
sensus of opinion that "Teachers have
not enough pep" but from present in-
dications this adage will be relegated
to the scrap heap after Nov. 4 and 5.

Society

ADDITIONAL SOCIETY ON PAGE 1

But in the mud and scum of things
There always, always, something
sings. —Ralph Waldo Emerson.

WALNUT GIRL BRIDE OF FORMER SERVICE MAN—

Miss Ethel Winifred Major, of Walnut, was married Monday evening, Oct. 10, to Gilbert J. Gordon, of Marion, Ia. The marriage took place at Clinton, Iowa.

The bride is the youngest daughter of Mrs. Margaret Major, and grew to womanhood and graduated from the Walnut high school. For the past year or so she has been assistant time keeper in the Marion office of the Chicago & Milwaukee railroad.

The groom is the only son of Mr. and Mrs. C. Gordon, prominent grocermen of Marion, Ia. He is an ex-service man in the aviation department of the world war and is a young man highly spoken of by those who know him.

Mr. and Mrs. Gordon returned to Marion in their automobile, where they will make their future home.

MISSIONARY SOCIETY ST. PAUL'S CHURCH—

The Woman's Missionary society of St. Paul's Lutheran church met at the home of Mrs. L. C. Johnson Thursday afternoon, with a good attendance.

The meeting was opened with a song.

The Bible lesson, "The Test of the Word," was led by Mrs. Jennie Slotwower. Prayer was led by the pastor, Mrs. Lester Wilhelm pleased with two vocal solos.

The lesson study, the Menace of Modern Cults Falsely called Christian, was ably given by Mrs. Schuele and Mrs. Chiverton. Some interesting facts were also given by the pastor, Rev. L. W. Walter.

Mrs. L. C. Johnson gave a splendid report of the convention at Springfield. The Missionary society of the United Lutheran church has put on a membership campaign for 25,000 new members. The local society has taken this up and at this time three new members were added. It was decided at this meeting, to use the budget system for the coming year. The meeting closed with prayer.

A social hour was then enjoyed, the hostesses serving nice refreshments. The hostesses assisting Mrs. Johnson for the afternoon were Mrs. Schuele, Mrs. Slotwower and Miss Blondina Bishop.

IF YOU ARE WELL BRED—
You will, in eating raw peaches served at breakfast, quarter the fruit, then peel it and cut into small pieces, transferring these to the mouth with the fingers. Apples and pears should be eaten in the same way.

You will not lift bones in the fingers to eat meat from them. Those bits of meat which you are not skillful enough to remove with the knife you must forego.

You will, as the host who carves, offer a second helping of meat to those whom you see have disposed of the first, but you will not unduly press the second helping upon a guest who acknowledges that her appetite is quite satisfied.

MRS. BOYERS ENTERTAINED—

Mrs. Edwin Sanders and Mrs. Charles Kells spent Wednesday in Sterling at the home of Mrs. Paul Boyers, formerly of Dixon, who very delightfully entertained the members of the F. L. A. club at a very pretty luncheon. All the decorations were most attractive and were in keeping with Halloween.

LEGAL PUBLICATIONS.

ADMINISTRATOR'S NOTICE

Estate of Emeline P. Howell, Deceased.
The undersigned, having been appointed Administrator of the Estate of Emeline P. Howell, Deceased, hereby gives notice that he will appear before the County Court of Lee County, at the Court House in Dixon, at the January Term, on which time all persons having claims against said estate are notified to appear and present the same for the purpose of having the same adjusted.

All persons indebted to said Estate are requested to make immediate payment to the undersigned.
Dated this 17th day of October, A. D. 1921.

EDWARD N. HOWELL, Administrator

Henry C. Warner, Attorney.
Oct. 22 1921

NOTICE OF SINGING OUT DEDIMUS TO PROVE WILL

State of Illinois, County of Lee, ss.
In County Court, in Probate.
Estate of John H. Henry, Deceased.
To all Persons Interested:
Notice is hereby given, that a paper purporting to be the Last Will and Testament of said deceased has been filed in the County Court of Lee County, Illinois, for Probate, and an Order entered in said Court, that a Dedimus Potestatem issue therefrom on the 2nd day of November, A. D. 1921, to take the deposition of one of the attesting witnesses to said Will touching the execution of the same. All persons interested may file interrogatories or cross-interrogatories, to be attached to said Commission, if they choose, before that date.

Dated the 22nd day of October, 1921.

FRED G. DICKICK, Clerk of the County Court

Oct. 22.

The guests at the luncheon numbered twenty-five.

Five hundred was the diversion for the afternoon. At the conclusion of the enjoyable affair all voted Mrs. Boyers a charming hostess.

ON CHURCH GOING—

Two million persons have joined churches in the United States during the past year, according to the Federated Council of Churches of Christ in America. In fact, it has been the greatest year for churches in the history of the country.

Now there are a lot of people in Illinois who believe public and private morality never were at lower ebb than now; that religion is without influence and that we are headed straight for the devil.

How do these pessimistic folks explain the fact that 2,000,000 of us have joined the church in a year?

HOUSE CLUB OF PSYCHOLOGY—

The House club of Psychology met Thursday evening with Miss Esther Barton. Dr. Robert E. Saxmann, the instructor, gave a review of the lesson in Character Analysis which the class has been studying, and an outline of the work for this year. Part of the study this year will be a continuation of the study in Character Analysis.

The next meeting of the House Club of Psychology will be with Miss Ruth Chiverton in two weeks.

FROLICKERS TO GIVE DANCE—

The Frolickers, the club of young men who last year gave such enjoyable dancing parties, will give their first dancing party of the season a week from Monday night in Rosbrook hall. The decorations will be in the Halloween spirit and a delightful evening may be expected by the guests. Excellent music will be furnished.

INSPECTED MORRISON W. R. C.—

The Women's Relief Corps met yesterday afternoon and had with them Mrs. Carrie Decker of Dixon, who inspected the Corps and complimented them on the way in which they put on the work. They also initiated seven new members.

There was a large attendance, and after the meeting very nice refreshments were served.—Morrison Sentinel.

MISS ROGERS TO MARRY, OCT. 26TH—

Mr. and Mrs. J. W. Rogers, of 417 First avenue, have issued invitations for the marriage of their daughter, Gertrude Bernice, to John O. Nelson, on Wednesday evening, Oct. 26th, at 6 o'clock at the Grace United Evangelical church.

EVANGELISTIC SERVICE AT GRACE CHURCH—

Miss Vivian Graves will sing at the evangelistic service at Grace church tomorrow evening. Rev. Jacobs will preach on, "Three Promises to Overcomers." In the morning he will give an illustrated sermon to the boys and girls. He has done considerable work among the young people and many will be glad to hear him.

ENTERTAINED AT DINNER FRIDAY—

Mr. and Mrs. Henry Floto entertained at dinner Friday, Mr. and Mrs. Arthur Floto and three children and Mr. and Mrs. Charles Floto. Next Thursday Mr. and Mrs. Arthur Floto will leave for San Diego, Cal., to make their future home.

THREE WEEKS IN DETROIT—

Phil N. Marks has returned from a three weeks' visit spent with his son, Joseph, who is a prominent business man at Detroit, Mich. During his stay he visited all the places of interest at Detroit and vicinity, including a trip into Canada.

DROVE TO DEKALB WEDNESDAY—

Among those driving to DeKalb Wednesday with friends to attend the Missionary convention of the M. E. church, were J. H. Lievan, William Stark, Mrs. H. A. Ahrens, Mrs. George H. Floto, Mrs. Clea Bunnell.

PEORIA AVENUE CLUB WITH MRS. BATCHELDER—

The members of the Peoria Avenue club will meet Monday afternoon with Mrs. J. M. Batchelder, instead of Mrs. H. U. Bardwell.

VISITED SUNDAY IN DEKALB—

Mr. and Mrs. Harold B. Hughes, of Dixon, and Miss Cora Boos and Laurence Boos, of Freeport, motored to DeKalb Sunday and spent the day.

P. E. O. TO MEET MONDAY—

Chapter A. C. Illinois P. E. O. will meet Monday afternoon with Mrs. F. X. Newcomer at 2:30. It is especially desired that a large attendance be present at this meeting.

VISITED MRS. HAROLD HUGHES—

Miss Cora Boos and Laurence Boos of Freeport, visited their sister, Mrs. Harold Hughes, a few days.

LEGION BAZAAR OPENS TONIGHT—

The bazaar given by the American Legion and Auxiliary opens this evening in Rosbrook hall.

BOOTH AT LEGION

There will be a live poultry booth at the Legion bazaar this evening, among the other attractions.

ARE SPENDING FEW DAYS IN MT. CARROLL—

Mr. and Mrs. George C. Loveland are spending a few days in Mt. Carroll.

SPECIAL MUSIC AT PRESBYTERIAN—

Special emphasis has been placed on the music for the First Presbyterian church tomorrow. At the morning service the choir of twenty voices will sing two numbers, "Fear Not, O Israel" by Max Spicker and "In Heavenly Love Abiding" by Holden. Solo parts will be sung by Miss Ora Floto, Mrs. I. B. Potter, Mrs. Chas. Bishop and Elmer E. Rice. The Dixon Ladies' Quartette will also sing.

LEGION BAZAAR OPENS TONIGHT—

The bazaar to be held by the American Legion and the Ladies of the Auxiliary to the Legion, will open tonight in Rosbrook hall. There will be good music for dancing and a royal good time is assured all attending.

Prove Lincoln Was Owner of Property Besides "Homestead"

Lincoln, Ill.—Proof that Abraham Lincoln owned property other than the "Lincoln homestead" in Springfield was established here when County Clerk D. S. Mowery uncovered in the basement of the Logan county courthouse a musty tax collector's book of the vintage of 1858 containing Lincoln's signature on a tax receipt for \$2.40.

It had long been contended that Lincoln once owned property here, but no records could be found to support the claim. Other "oldtimers" argued that the old homestead in Springfield was the only real estate Lincoln ever owned.

The property on which Lincoln paid taxes in 1858 is located on the south side of the courthouse square.

The present owner, D. H. Harts, paid \$114.15 in taxes on it last year. Many county records were destroyed by fire years ago. Among those of sixty or more years ago still existing can be found no other proof that Lincoln was a property owner in the town which bears his name.

In tracing the history of the lot it was learned that it was sold by Thomas Clark of Springfield to James Primm in 1857. Primm borrowed \$400 from Lincoln, and unable to pay the note, deeded the property instead.

In 1874 Mrs. Lincoln deeded the lot to her son, Robert T. Lincoln, who later sold it to Captain D. H. Harts. The latter's son, who is president of the Lincoln Commercial Club, now owns the property.

ADMIRAL EARL BEATTY LANDS IN U. S. FRIDAY

Head of British Admiralty Given Royal Welcome.

New York, Oct. 21.—Escorted by a squadron of American destroyers which picked the liner Aqueduct up before the dawn of a brilliant light, Admiral Earl Beatty of the British navy arrived here today as the guest of the American Legion.

The batteries of Fort Hamilton and Wadsworth thundered a salute of 19 guns as the liner bearing the commander of the Grand Fleet during the World War slipped past on her way to quarantine. Admiral and Lady Beatty were to be greeted at Quarantine by representatives of the American Legion and the state and municipal governments and taken off on the navy cutter Vigilant.

The Vigilant landed at the Battery shortly before noon when the visitors were escorted to City Hall to receive formal greetings from Governor Miller and Mayor Hylan.

To Remain Incognito.

During their stay in New York, Admiral and Lady Beatty will be guests of Mr. and Mrs. Marshall Field. Lady Beatty is a daughter of the late Marshall Field of Chicago. After the formal welcome, Admiral Beatty planned to remain incognito and will not attend any formal functions until he starts for Washington on Sunday to pay his respects to President Harding and cabinet members.

From Washington Admiral and Lady Beatty will return to New York on October 26. They will start for Chicago, Oct. 28, going thence to Kansas City, for the American Legion convention, which the Admiral is to address. After the convention Admiral Beatty will go to Washington where he is to serve in an advisory capacity to the British delegation at the armament conference.

MANY AT BANQUET.

There was a large attendance at the banquet given Thursday evening by the Men's Club of the Presbyterian church. Rev. Ryan of Chicago delivered the principal address, his subject being, "Relation of the Church to the Community." Dr. Ryan declared that the church is losing its support due largely to other outside attractions. "The one big problem in America today," said Dr. Ryan, "is the work of building up the church and getting people to understand that the church is the principal medium through which the community must work for betterment."

THOUSANDS LAUD KNICKER GIRL

Waukegan, Ill. — Thousands of folks, all over the country are agreed that knickerbockers are the only thing for girls at work.

This is indicated by the flood of letters that have poured in upon Miss Marion Larson, of Waukegan, who a month ago, first donned knickers and became their champion. Her picture was printed in hundreds of newspapers.

Since then letters have come in every mail. Many endorse her stand while others propose marriage.

STEWART'S NEW PREACHER MADE HIT WITH FLOCK

Rev. Day Will Move Family There Coming Week.

Stewart.—Rev. Bishop moved his goods to Plattsville by a truck, coming from DeKalb and loading them on Wednesday. He and his family left here Thursday for their new home.

Rev. F. J. Day filled the pulpit here both morning and evening, leaving a very good impression. He will move his family here this week, the family consisting of his wife, two daughters and one son.

Mr. and Mrs. Clyde Holderness and daughter, Ethel, were here from DeKalb Sunday afternoon calling on relatives and friends.

Mrs. Shearer has been in Cullom this week, returning home with a niece and her husband who had been visiting here.

Mrs. Morris Cook entertained a cousin from Aurora at her home last week.

Mrs. Albert Daum had as her guest, Mrs. Frank Baker of Oregon.

Mr. and Mrs. Adolph Gunderson moved into the Reece property last week.

Mrs. J. C. Carney was in Rockford last week visiting Lloyd Wise, who is receiving treatment following his being gassed in the World War.

Leland Cratty is attending school at Mt. Morris.

J. H. Jarboe of DeKalb was here Friday night.

Mr. and Mrs. John Phipps entertained friends Sunday.

Miss Olive Carney is at home taking a vacation from nursing.

Mrs. Lawrence Parker has returned here from her home in Rockford to assist in the care of her grandmother, Mrs. Bowles.

Mrs. C. T. Beitel will entertain several relatives at her home this week.

A dance was held in the town hall Saturday night.

Mrs. Jeannette Taylor of Delhart, Texas, is a guest of her sister, Mrs. A. Daum.

Miss Helen Titus has returned home from Flag.

SOME RATES ARE CUT
By Associated Press Leased Wire
Washington, Oct. 22.—Freight rates on wheat and hay throughout the middle west and west were ordered reduced by the Interstate Commerce Commission today, the reduction amounting to one half of the increase given the railroads in 1920.

The commission also found the present rates on coarse grain, including oats, rye, corn and millet, to be unjust and unreasonable and ordered them to be fixed generally at 10 per cent less than the tariff prescribed for wheat.

MISS MARION LARSON

who a month ago, first donned knickers and became their champion. Her picture was printed in hundreds of newspapers.

Since then letters have come in every mail. Many endorse her stand while others propose marriage.

Judge Says People of World Seem to Be Growing Worse

By Associated Press Leased Wire
Chicago, Oct. 22.—Preaching the gospel of brotherly love and continuing his efforts to aid the tenants of Chicago houses against exorbitant rent increases, Judge Bernard P. Barasa announced today that by next Wednesday he expected to have a complete list of all vacant housing room in Chicago.

He said that his purpose was to try to adjust differences between tenants and landlords, but this failing to have a suitable place for anyone to move in who was evicted.

"When once a landlord brings a suit for possession," he said, "he will not rest until he has a writ and the tenant can never live peacefully unless he has moved to another location."

"I will not have people using this court as a place to take their personal spite out on each other. It seems that once they get outside of a church they forget all the principles of brotherly love and benevolence. The world seems to get worse instead of better."

INDIANA VS GOPHERS
By Associated Press Leased Wire
Minneapolis, Oct. 22.—Indiana will play its first "Big Ten" football game

By Associated Press Leased Wire
Chicago, Oct. 22.—While Big Ten fans are looking toward the east today for the results of the Chicago-Princeton game, a contest of major importance in the Big Ten conference was scheduled for Ann Arbor, Mich.

Ohio State went there to meet the Michigan Wolverines, the latter team crippled by the absence of five regular men from the varsity line-up because of injuries. After thirteen straight victories over the Buckeyes, the Wolverines turned and beat Michigan in 1919 and 1920.

Every seat in the new stadium, seating 40,000 persons, was sold 48 hours before the game.

Coach Zuppke at Illinois has made some radical changes in his line-up since the defeat by Iowa last week and hopes for a decisive decision in the game with Wisconsin at Urbana, Ill., today.

Wisconsin vs. Illinois.
Wisconsin showed great strength in forward passing in the game with Northwestern last week, and this, combined with the line plunging which last year was responsible for her victory over Illinois, gives the Badgers the edge in today's play. The backfield used last year in the line plunging is intact this season.

Indiana plays at Minneapolis today, taking on the Gophers, and the Gophers, and the chances of the two eleven look about even, both teams are quiet about what they intend to do on the field and both coaches gave out announcements concerning men who may not be able to enter the line-up this afternoon.

Outside of the conference the game of most interest in the west today is at Notre Dame, where Nebraska has gone in an effort to repeat the performance of Iowa by beating the Indians. Coach Rockne was expected to use the same forward pass game he did against Iowa but with changes which make it more effective.

Three of the Big Ten teams are idle today. They are Iowa, Northwestern and Purdue.

MAROONS GO TO FIELD

Princeton, N. J., Oct. 22.—Princeton faces the University of Chicago today in the first inter-sectional football battle the Tigers have played since they turned back Michigan with a defeat in 1881.

The Chicago squad was due to arrive in Princeton from Trenton about 1 o'clock and the players were to go direct to the stadium. They will depart immediately after the game.

The westerners brought with them a big cheering section and have taken nearly 3,000 seats in the west side of the big concrete horseshoe.

The westerners were reported in good shape. They slightly outweigh the Princeton men.

YOUR ROAD TO RICHES

Here's a man who, at 33, has work-
ed himself up from stenographer to
treasurer of the \$100,000,000 company
that supplies Chicago with gas. His
name is George F. Mitchell.

What is it that has made Mitchell
rise so rapidly to success while other
men, who started on the same footing
and with just as good chances, have
stood still?

This question interests you, grow-
ing for the door to power and wealth.
His answer is—ability, good work-
manship, thoroughness to the last de-
tail, and patient toil to acquire
knowledge.

At 14, Mitchell went to work for a
steel mill. Three years later, he was
taking a business and a stenographic
course by day and paying his way by
"carrying a spear" and shifting the
after scenery at night.

He rose to success because he did
every job well, no matter how hum-
ble, and because he constantly train-
ed himself so that whenever some-
thing better came along he was pre-
pared to handle it.

At 43, Carl Nyquist is handling
\$140,000,000 worth of property. He's
vice president of the Rock Island
railroad, and one of the youngest
railroad executives in America.

"Luck? There's no such thing,"
says he. "I started at 19 as a \$15-a-
week clerk. How to succeed? Here's
my way:

"I made my work the most inter-
esting and important thing in my
life. I didn't change employers. I
haven't taken a vacation in 15 years.
And in 24 years I've missed only five
days from my job. Make your work
successful and your work will make
you successful.

When John D. Rockefeller organiz-
ed the Standard Oil Co. in 1870, he
was only 31 years old.

Despite his youth, he already was
a big success, with his first million
dollars within reach if not already in
his pocket.

Fifteen years before that, when he
was 16, Rockefeller was a clerk in a
commission house on old Water St.,
Cleveland.

Today he is the richest man in the
world. Thousands of reasons have
been advanced to account for his suc-
cess. The real one was voiced years
ago by the people that employed him
in his early youth:

"He was the best clerk and book-
keeper we ever had."

The same was true of every job
Rockefeller ever turned his hand to.
If you doubt it, ask his competitors.

It is not given to all of us to be-
come Rockefellers, Mitchells and Ny-
quists.

But each of us can attain success
to a satisfactory degree by observing
three simple rules:

First: Do every job thoroughly as
it comes along.

Second: While making the im-
mediate job a success, lay out a cam-
paign for the future and prepare
yourself to handle a better job when
it comes.

Third: Save your money so you
can finance opportunity when it ar-
rives.

MYSTERY OF HEAT

What is this thing you call heat?
Try to answer that and you are up
against something as mysterious as
electricity.

Until 120 years ago, scientists be-
lieved that heat was an actual sub-
stance, a form of matter—like beef-
steak or coal.

Now we know that heat is invisible
with no weight, no dimensions, no
substance. It can be produced by
unlight, fire, electricity, friction or
chemical action.

You get a sensation of warmth
from the hot summer sun. You can a

get the same sensation in zero weather
by drinking enough whisky or
rubbing your palms briskly.

Crush a lump of sugar into sand-
like particles—granulated sugar.
Crush one of those particles and you
have powdered sugar.

Can you break that sugar finer?
Yes. Drop it on a hot stove and it
breaks up into particles of smoke.

If you had physical means for do-
ing it, you could keep on breaking
up each particle of smoke almost in-
definitely, down to infinitely small
particles—atoms, which are grouped
together into molecules. There are a
billion times a billion such molecules
in a cubic inch of air.

At Absolute Zero (273 degrees zero
Centigrade), there is no heat and all
molecules are motionless—absolutely
solid.

Begin raising the temperature and
the molecules start moving, revolv-
ing around each other like a swarm
of flies. The more the temperature is
increased, the faster the molecules
move. They lose the property called
cohesion, and at certain temperatures
they vaporize, fly apart into smoke or
gases.

Heat iron. Its molecules swarm
wildly. The iron becomes liquid,
ready for the mold to pour. Heat
it more. The molecules fly off into a
vaporized state and the iron vanishes
from sight.

WATCH YOUR STEP

Autos kill 12,000 Americans a year
and injure 1,500,000, says the Insur-
ance Press. That makes your chances
of being killed by a motorcar 1 in
\$750. It's 1 to 70 that you'll be run
down and injured.

Most of these accidents occur in
crowded cities. Two causes—careless-
ness and congestion.

Carelessness can be lessened—but
not ended.

To relieve congestion and make
motoring fool proof, future cities will
have to provide subways or overhead
roads for autos. The ground-level
street will belong to pedestrians.

INSURANCE

Heirs of Wallace L. Pierce, Boston
grocer, are paid \$555,000 insurance—
the largest death claim in a year.

How much cash is a human life
worth? Generally it depends on how
much you bet the insurance company
that you'll die before it thinks you
will.

Most men don't leave much else ex-
cept a first mortgage on the house.

Protect your family. Carry insur-
ance—greatest system so far devised
by man for saving money.

THIEF

We are all criminals at heart, says
Andre Tridon, New York psychologi-
st. He thinks repression of natural
criminal instincts is all that keeps
most folks out of jail.

That isn't true.

The instinct of animals is to hunt
their own food, not steal what some
other animal has caught. Except
when starving (hard times in the an-
imal world), animals do not try to take
what another animal has caught.

It is man's criminal instinct that is
unnatural.

RAILROADS

A plan for consolidating the rail-
roads into 20 big systems has been
worked out by the Interstate Com-
merce Commission.

That would cut out a lot of foolish
competition.

It doesn't matter how big a railroad
combination is, as long as the people
control it through their government.
And government regulation of the
railroads is here to stay.

DEBT

What to do with the national debt.
That worries many. Gentlemen with
blue glasses think it can never be
paid off.

American mines last year yielded
\$6,707,000,000, says the Geological
Survey. Three and a half years of
that would pay off every penny of the
national debt.

The debt could be wiped out over-
night if every American contributed
\$224.81. To carry it requires inter-
est of only \$3.65 a year for each of
us.

Like most problems: Not as serious
as it seems.

SECOND-HAND

Karachi, India, prepares for its
monster annual second-hand clothing
bazaar. It will dispose of one of
our peculiar exports, castoff clothing,
millions of dollars worth a year.

Hindu dudes' greatest ambition is
to get a second-hand American dress
suit, at \$25 a dozen. Old vests are
next in demand, at 20 cents each.

What Orientals this winter will
wear those old clothes you sold to
the ragman?

"All we have done is right," says
a congressman. Should be "write"

BRINGING UP FATHER

CONFESSIONS OF A MOVIE STAR

Chapter VI

MY GREAT ADVENTURE BEGINS

While Motherdear renewed the com-
presses on my light-burned eyes, I
asked her how Cissy could look so
like the Watts picture of Sir Galahad
in the other room, and yet be so un-
reliable.

"Why, he will promise anything to
anybody with the most fascinating
appearance of sincerity! I think he is
always sincere when he promises.
And then he'll break his word for any
old excuse!"

"Cissy is chivalry personified,"
Motherdear agreed, "and a genius at
forgetting! His profile is adorable, as
all the girls say. But I really believe
that his vanity governs him. And
that is equalled only by the size of his
fan mail. His mail is so immense
that he'd have been starred months
ago—if only the directors could rely
upon him!"

Motherdear departed for another
wet cloth.

What she said was too true. The
directors never could trust Cissy to
follow instructions. They could rely
in him to break every regulation of
the studio. And he was kept on in
the company only because of his popu-
larity with the fans.

His mail was the one thing Cissy
took care of conscientiously. He ac-
knowledged every letter received with
a stunning autographed photo of his
handsome self.

MYSTERY

Another old mystery solved. For
centuries, archeologists have been
puzzled by perpetual lamps often found
burning when they opened Egyptian
tombs thousands of years old.

Now it's discovered that these
lamps have wicks soaked with chemi-
cals that don't burst into flame un-
til struck by fresh air when the tomb
is entered.

Time solves all mysteries.

EFFICIENCY

Chairman Hoover of the Committee
for Relief in Belgium has made his
final report in the greatest humani-
tarian enterprise in the history of the
world.

Ten million people were sustained
over a period of from four to six
years at a cost of \$1,300,000,000.

The most interesting figure in the
report is the 0.42 or 1 per cent, the
cost of administration. In other
words, out of every dollar spent over
99 1/2 cents reached its objective.

Even after making every allowance
for the thousands who gave their

While I rested Motherdear started
reading to me the scenario of my
next play, "Love in Leash."

There was a new name on the pro-
gram, "Dick Barnes." He had the
villain's role. The name was unknown
to us.

Motherdear had finished the synop-
sis when she was called to the phone.
Bangs, one of the assistant direc-
tors, was on the line. He wanted to
come out and bring the new bad man
who was really a very good man,
Bangs explained. He wanted to intro-
duce Dick Barnes to Motherdear and
me. All the company calls my moth-
er "Motherdear."

Bangs said that Mr. Barnes wished
to discuss some of the business of
"Love in Leash" with me.

Now everybody in the company ex-
pects to take tea with Motherdear
when he comes to the studio, but this
time she was obliged to explain that
I was blind and in bed, and of course
Bangs understood and regretted, and
trying to be very sympathetic, he
said a few hard things about the
lights. Then he suggested:

"Since I can't come out with Dick,
let me introduce him to May over
the wire!"

Motherdear switched him to the
extension phone at the head of my
bed.

Thus informal was the prelude to
my great adventure.

(To be continued)
Copyright, 1921, NEA Service)

HORSES

A census bureau report shows how
motor vehicles have reduced the
number of horses in cities. There's
less than half as many as in 1910.

But in spite of the number of auto-
mobiles and tractors used on farms,
the number of horses on farms is
greater than in 1910. The total is
21,109,000, valued at nearly \$2,000,-
000,000.

Evidently it will be a long time be-
fore the only horses in this country
are stuffed specimens in museums.

CHURCH-GOING

Two million persons have joined
churches in the United States during
the last year, according to the Fed-
eral Council of Churches of Christ in
America. In fact, it has been the
greatest year for churches in the his-
tory of the country.

Now there are a lot of people in
Dixon who believe public and private

THE ECONOMICAL BARBER

BY DR. WM. E. BARTON.

Of barbers there are as many kinds
as there are of men in other voca-
tions. For even yet are there a very
few who can trim a beard, and there
are some who know how to strop a
razor.

But there are more who only know
how to use the electric clippers, and
to ask if thou hast with thee the
price of a tonic, and to remind thee
that thine hair groweth a little thin
on top, and who expect a tip in addi-
tion to the price of the service they
render.

Now there was once a barber who
was very economical in his expendi-
ture of labor in the stropping of his
razor. For he counted that whatever
energy he saved in that way he could
devote to informing and entertaining
conversation.

And his customers suffered, but
they were helpless. For he stood
firmly on both feet.

Now there came unto him a man
who had been experimenting with the
eighteenth amendment. And he had
not shaven for four days. And his
beard was hard, but his skin was ten-
der.

And the razor of the barber upon
that day would have borne more la-
bor than usual, but he spent not that
labor upon it. But he used his razor
as if it had been a cross-cut saw.

And by the time the barber had fin-
ished his task his customer was thor-
oughly sober.

And the customer looked at his face
in the glass and it resembled a war
map.

And he spoke unto the barber, say-
ing, Thou hast deprived me of a con-
siderable part of the legitimate result
of my jag, and the method of sober-
ing-up process is all one with that
of the painless dentists.

Behold, it cost me thirty-five dol-
lars to acquire that jag, and only

thirty-five cents to recover from it;
and that is cheap enough so far as
the money goes. But I will advise
thee for thine own good. Be not so
economical of the labor which thou
dost expend upon the stropping of
thy cheese knife, nor so extravagant
in that which thou dost expend in the
subsequent process, for this exercise
is insufficient to prepare thee for the
day that shall yet surely come to
thee.

For had I been as sober when thou
beganest as I am at the ending of
thy performance, then had I taken
from thee as much blood as I have
lost through thy barbarism.

And it would be pleasant to record
that the barber learned his lesson.

REWARD

Miss Anna Hughes, assorting soiled
linen in a Brooklyn laundry, found a
bag containing jewelry worth \$10,000.

This girl was so honest that not
only did she return the jewelry at
once to the owner, but was embar-
rassed when offered a reward. Hon-
esty is its own reward. Doubtless,
Miss Hughes' self-respect is worth
more to her than \$10,000.

Just the same, it is pleasant to
know that she got a vacation with
her pay doubled.

The man who acts like he is the
whole cheese is usually only a small
piece.

It's fun to live on credit
Till the bills come in.
But you learn, in time, to dread it
When the bills come in.
For you know just what remorse is
As the "Please remit" begin
And you pay for perished horses
When the bills come in!

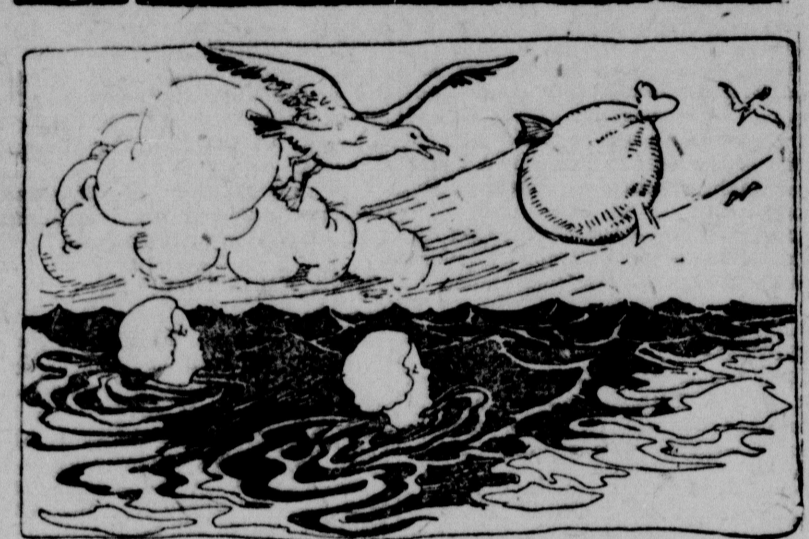

It is fun to "be a devil"
Till the bills come in.
But you learn the cost of revel
When the bills come in.
And when health and strength are
waning
As the wages of your sin.
Well, it's not so entertaining
When the bills come in!

Though it may be long years after
That the bills come in.
They won't bring you any laughter
When the bills come in.
You may think that you can cheat
them,
But that game can never win.
Sure as fate you'll have to meet them
When the bills come in!

(Copyright, 1921, NEA Service)

ADVENTURES OF THE TWINS

"Hello, Blowy Balloon-Fish called right through the air after Mr. Blowy
all the sea-gulls to the funny looking
sack that the Twins were following,
and which had suddenly lifted itself
out of the water by its fins, or wings,
or whatever they were. "Hello! Out
for an airing!"

"Yes and no," answered Blowy
lacking below, where two golden heads
were gazing up at him from the wa-
ter. "Some queer creatures are after
me. Never saw anything like them
before. Thought I knew all the Wig-
glefin people, but these are new ones.
They've got arms like cuttlefish and
they've got barrels on top of their
heads, yellow and curly; you can see
for yourselves; and two of their swim-
mers have green ends, green as Lop
Lobster's claws."

Nancy and Nick laughed at Blowy's
description of themselves. "Come on,
Nick," whispered Nancy, "we'll wish

ALL DRESSED UP AND WAITING

SLIVER IS REMOVED FROM HARMON BOY'S EYE BY SPECIALIST

Elmer Manon Victim of
Painful Accident;
Harmon News.

Harmon.—Mrs. Maurice Larsen was delightfully surprised on Sunday when 60 relatives and friends gathered at the Larsen home to help her celebrate her birthday anniversary. Mr. Larsen and Miss Esther Larsen were sponsors of the affair. A dinner invitation had been previously accepted at the home of Mr. and Mrs. Nicholas Wolfeldt near Walnut, so that Mrs. Larsen with her family were in readiness to depart when it was learned that the car was giving trouble and refused to start, and while engaged in seeking the trouble which had been caused by Mr. Larsen removing some necessary part, the company began to arrive and a continual stream of guests kept coming until 60 in number had arrived with well filled baskets. A very enjoyable day was spent at this hospitable home which is famed for its good times. Upon the departure of guests in the evening, Mrs. Larsen found a lovely large vacuum bottle on her dining table which was the wish for many more happy events.

Mr. and Mrs. George Long entertained a company of friends on Sunday evening, the time being spent with cards.

Mr. and Mrs. Jerry Manon took their son, Elmer to a specialist in Sterling Monday to have a sliver removed from one of his eye balls. It cannot be determined at this time whether or not a second operation will be necessary.

Miss Stella Long spent last Friday and Saturday at the home of her aunt Mrs. Minnie Durr in Sterling.

Mrs. Theodore Fitzpatrick was a Dixon shopper last Friday.

Clarence and Leroy Kent transacted business in Dixon Friday.

Elmer Hess of VanPetten was a business caller in Harmon Wednesday.

Mr. and Mrs. Dennis Considine and son Douglas have moved to their new home on Third street and College avenue in Dixon.

ACETYLENE WELDING

FROM MOVIES TO DIVORCE COURT

FRANCES STUART MURPHY

By NEA Service.

Boston.—Thousands of eyes watched her when, on the silver screen, she played a role opposite Caruso.

Today she is the central figure in divorce and alienation suits.

She is Frances Stuart Murphy, model and screen star, who as Frances Stuart was chosen by Caruso for a role in his screen productions.

Her husband, Joseph A. Murphy, names as co-respondent, a Boston millionaire, whom he sues for \$100,000 for alienation of his wife's affections.

The wife is quoted as saying, even up to the time of the present proceedings: "I love Joe; there is no other man I care for as I do my husband."

The husband is quoted as saying that he still thinks very much of his wife, but that he cannot bring himself to the point of forgiveness.

Murphy's counsel has introduced letters which he says were compromising.

Meanwhile the co-respondent denies all the charges of the husband.

Verbal agreements with both Dempsey and Willard for the bout.

HALIFAX.—The Gloucester schooner Elsie led the Nova Scotia schooner Bluenose by a length in crossing the starting line of their 40 mile race today in the first of the series for the international championship of the Atlantic fishing fleets.

NEW YORK.—Babe Ruth abandoned his exhibition tour and expressed regret at having violated the rules of organized baseball by having engaged in post-season games.

NEW YORK.—Jess Willard will attempt to regain the world's heavyweight championship from Jack Dempsey at Jersey City next July 1. Tex Rickard, promoter, said he had

A new metallic alloy, resembling magnesium, is being produced and applied to mechanical uses in Michigan.

Announcement is made of the marriage of Attorney John Barry Hayes and Mrs. Blanche Cooper Hester, which occurred in the Congress hotel, Chicago, Thursday, Oct. 14th. Judge

ABE MARTIN.

Tell Binkley found a clove while rumaging thru' an old white vest this mornin'. One good turn deserves another, but one good story ought to stand.

Hugo M. Friend, of Chicago, performed the ceremony. Mr. and Mrs. Hayes are touring the eastern states and will return to make their home in this city.

The bride is the oldest daughter of Mr. and Mrs. Charles Cooper, was educated in the Rochelle schools and is a graduate nurse of the Swedish-American hospital in Rockford and has been following her profession for some time.

Rochelle High school will tackle Sycamore High in the second home football game of the local season to be played on the school site gridiron here, Saturday afternoon. The players emerged from the Byron game in good shape and are working hard to redeem themselves. Byron won Saturday, 10 to 6. Rochelle goes to Byron for a return game, Nov. 12.

Eighty high school boys were guests at the community supper of the First Presbyterian church Monday evening.

The women of the church served. Entertainment was furnished by the high school glee club and double quartette, and the Pioneer boys. Fred E. Gardner gave a splendid talk on "Football," from the standpoint of a player, coach and official. He contrasted the eastern and western game and stressed the absolute necessity of physical training in order to properly play the game.

Mrs. Harvey Phelps and daughter, Frances, who were called to Greenwood, Ind., by the serious illness of her father, Rev. John S. Martin, following an operation, returned home on Sunday. Mr. Martin is making a satisfactory improvement.

A farewell party was given for Mr. and Mrs. Leon V. Ward, who are moving to Oregon, at the Masonic lodge Tuesday evening.

The first meeting of the Art Auxiliary of the Rochelle Woman's club will be held at the home of Mrs. E. L. Vail on North Ninth street Thursday afternoon, Oct. 27th, at 3 o'clock. Sculpture will be the topic for the year.

Mrs. H. C. Clawson entertained a company of ladies at Bridge Tuesday afternoon.

Mr. and Mrs. A. K. Van Artsdale and daughter, Louise, motored to Prophetstown Sunday and spent the day with relatives.

Mrs. Mary Healy entertained her son, Winfield T. Healy, wife and daughter, of Chicago, over Sunday.

R. M. John, of Pontiac, was looking after extensive property interests in this vicinity over the week-end.

Mrs. Irving Sullivan was called to St. Paul, Minn., Friday evening on account of the death of her aunt, Mrs. H. B. Farwell. The remains were shipped to Chicago, where the funeral was held Monday. John C. Ross and son, Harry Ross, attended the funeral.

Mrs. Harvey Phelps and daughter, Frances, who were called to Greenwood, Ind., by the serious illness of her father, Rev. John S. Martin, following an operation, returned home on Sunday. Mr. Martin is making a satisfactory improvement.

Mr. and Mrs. George Langlois of Sycamore were week end guests at the home of the latter's uncle, G. D. Black.

Mr. and Mrs. Howard Bratton of DeKalb spent Sunday at the John Baker home.

The auxiliary of the Presbyterian church held its first meeting of the season at the home of Miss Elsie Lett, Friday evening. Plans were made and work planned for the bazaar which will be held Dec. 3rd, in time to buy your Christmas presents.

Robert Jacobs received word Wednesday of the death of his uncle, Frank Newcomer at Hanover, Pa. Mr. Newcomer was widely known throughout the counties of Lee and Ogle as for many years he traveled with the Dr. Roy's remedies throughout the two counties.

Herman Wildman of Dubuque, Ia., has spent the past week at this place visiting his many friends. Herman was for a long time cashier in the Franklin Grove bank.

George Johnson who has been in the Pochelle hospital was operated upon Tuesday. At this writing he is very weak. His sister, Mrs. Pratt of Massachusetts is assisting in the care of him.

Mrs. A. J. Stewart attended the missionary meeting at DeKalb on Tuesday and Wednesday. She reports a very fine meeting.

Mr. and Mrs. W. L. Sheen and daughter Miss Ethel motored to DeKalb Tuesday where they attended the missionary meeting in session at that place.

Mrs. Will Carr of Pensacola Fla., came Saturday night for an extended visit at the home of her sister, Miss Alice Pritch.

The Priscilla club had a very enjoyable afternoon last Friday at the home of Mrs. A. J. Stewart.

Miss Lois Ling who is teaching school at West Brooklyn was a week end guest at the home of her grandfather, Wash Ling.

Dr. A. Raymond Cottrell, a returned missionary from India, will speak at the Brethren church Sunday morning and in the evening he will give an illustrated lecture on India. All are invited.

The Zandorf Entertainers will be in the Methodist church Tuesday evening. The proceeds will go to the library fund.

Mrs. Floyd Stanton, a former resident of this place, but now of Waterloo, Ia., was a guest at the home of her parents, Mr. and Mrs. Ira Buck.

W. L. Reigle went to Aurora Monday to transact some business for the Lee County Farm Bureau, of which he is secretary.

Miss Irene Ackerman was taken very ill Tuesday. It was necessary to bring her home from the country where she is teaching school in the Reynolds district.

Mrs. R. C. Maronde and son Howard went to West Chicago, Saturday for a visit at the Simpson home.

Mrs. Abe Yingling of Rockford has been visiting friends here this week. Charles Wicker of Chicago was a

week end guest at the home of his father, A. B. Wicker.

Mr. and Mrs. Harold Kelley went to St. Charles Tuesday, where they spent the day.

Miss Mary Underwood of Dixon has been visiting at the home of her grandmother, Mrs. Mary Buck.

The remains of Mrs. Leonard Kohl, who died at the Mt. Morris Old Folks Home Monday were brought to this place for burial in the Franklin cemetery Tuesday afternoon. The services were conducted by Rev. Cyrus Suter, assisted by Rev. O. D. Buck.

As Rev. and Mrs. McPherson, who are attending school at Lake Forest, were on their way here Saturday an auto hit their car and Mrs. McPherson was thrown through the windshield, cutting her wrist and chin very badly. She was taken to a hospital at Geneva where it was necessary to take five stitches in the wrist and three in her chin. However she was able to keep on her journey to Franklin, where she has been this week, at the Mrs. Lazarus home.

The Presbyterian folks are busy getting ready for the Gilbert oyster supper which is to be held in Kersten hall Oct. 23. They sure have some menu planned: Oyster stew, pressed chicken, potato salad, celery, pickles, jelly, buns, cake and coffee. Enough to feed a real hungry man.

Warren Zoeller of New York was a visitor the first of the week at the home of his father, L. Zoeller.

Mr. and Mrs. Lloyd Miller and son of Sterling were week end guests at the home of his parents, Mr. and Mrs. Will Miller.

A new gasoline pump was installed Saturday in the Wasson garage. It is not only an improvement in the meaning of the gasoline, but to the general appearance of the street. At one stroke it throws five gallons of gasoline.

A deal was closed Monday whereby Harold Kelley became the owner of the Wasson Bros. garage. Harold was in the automobile business with his father, John Kelley for several years and is no stranger to the business nor to the people of this vicinity.

The Wasson Bros. have been in business here for several years, and will still continue to do business across the street from the garage. They represent the Moline Plow Co., also agents for the Gardner and Liberty cars.

Thursday afternoon at the Baptist parsonage in Dixon, the Rev. John Simpson united in marriage Miss Bertha Naylor and Jesse Nowels. The bride is the eldest daughter of A. B. Naylor of this place. Bertha has many friends who are wishing for her the best that can be bestowed upon her as she is a most worthy young lady. The groom is from California, a clean honorable young man. Most hearty congratulations are being extended to this couple.

Miss Bernice Dierdorff spent the past week with friends in Chicago.

The many friends of Mrs. Mary Trottnow will be glad to learn that she is recovering from her fall sufficiently to sit up awhile Sunday afternoon.

Chicago—After following through the past few years the various turnings of a person's life in Russia, Dr. Otto Struve, 24 years old, has been brought here to join the astronomical staff of the University of Chicago. He will be stationed at Yerkes Observatory, Williams Bay, Wis., it was announced. He comes from a long line of scientists, his great grandfather having founded the observatory of Pulkowa more than 100 years ago for the then Czar of Russia.

The young scientist was found in Constantinople by Dr. Edwin B. Frost, director of the Yerkes Observatory, chopping wood for the sultan's palace to provide himself with food. Prior to that time he had served with General Wrangel's army in Russia, having fled when it was defeated.

Ladies! Whatcha Think of That?

Joliet, Ill.—Because her husband "threw a pocketbook filled with money" at her, Mrs. Mildred Whitehouse of Joliet filed a bill for divorce in circuit court against James Whitehouse, charging cruelty. Mr. and Mrs. Whitehouse were married in Los Angeles, Cal., May 20, 1920.

Miss Irene Ackerman was taken very ill Tuesday. It was necessary to bring her home from the country where she is teaching school in the Reynolds district.

Most hearty congratulations are being extended to this couple.

Miss Bernice Dierdorff spent the past week with friends in Chicago.

The many friends of Mrs. Mary Trottnow will be glad to learn that she is recovering from her fall sufficiently to sit up awhile Sunday afternoon.

Chicago—After following through the past few years the various turnings of a person's life in Russia, Dr. Otto Struve, 24 years old, has been brought here to join the astronomical staff of the University of Chicago. He will be stationed at Yerkes Observatory, Williams Bay, Wis., it was announced. He comes from a long line of scientists, his great grandfather having founded the observatory of Pulkowa more than 100 years ago for the then Czar of Russia.

The young scientist was found in Constantinople by Dr. Edwin B. Frost, director of the Yerkes Observatory, chopping wood for the sultan's palace to provide himself with food. Prior to that time he had served with General Wrangel's army in Russia, having fled when it was defeated.

Ladies! Whatcha Think of That?

Joliet, Ill.—Because her husband "threw a pocketbook filled with money" at her, Mrs. Mildred Whitehouse of Joliet filed a bill for divorce in circuit court against James Whitehouse, charging cruelty. Mr. and Mrs. Whitehouse were married in Los Angeles, Cal., May 20, 1920.

Miss Irene Ackerman was taken very ill Tuesday. It was necessary to bring her home from the country where she is teaching school in the Reynolds district.

Mrs. R. C. Maronde and son Howard went to West Chicago, Saturday for a visit at the Simpson home.

Mrs. Abe Yingling of Rockford has been visiting friends here this week. Charles Wicker of Chicago was a

BY MARTIN

ONCE THERE WAS A GIRL WHO THOUGHT SHE COULD SING BUT THE NEIGHBORS STAMPEDED—THOSE WHO REMAINED MADE FUNNY REMARKS AND TRIED TO GET RENT REDUCTIONS.

THEY GROUND THEIR MOLARS AND CUSSED—OTHERS TRIED TACT—THEY ASKED HER IF SHE HAD EVER CONSIDERED THE GLORIES OF A RIBBON COUNTER CAREER OR SHAMPOOING THE LINEN.

BUT NOW SHE'S A GRAND OPERA STAR, THEY'RE ALL AMONG THOSE WHO PREDICTED—MORAL—THEY ALL KNEW YOU WERE GREAT WHEN YOU GET THERE.

SUCKER STATE LEADS UNION IN GRAIN GROWERS

4,880 Members Signed in Illinois By October 15.

Illinois is now the leading state of the Union in membership of the U. S. Grain Growers, Inc., the new farmer-owned grain marketing corporation. With 4,880 farmers signed by the fifteenth of October, according to a report received by the Lee County Farm Bureau from the Illinois Agricultural Association. One hundred ninety-seven elevators have joined the farmers' company.

In Lee county representatives of the U. S. Grain Growers are working near Lee and three men signed 23 men the first day. One man secured 10 signers making the best day's work since he has been soliciting.

The county farm bureau of the state and the Illinois Agricultural association are back of the movement of the organized farmer to have a voice in the marketing of his crops.

McLean County, Illinois is the leading county of the United States, with 1,117. Organization began there and in LaSalle county about August 1st. Since then eight other counties have been organized, most of them within the last few weeks. The organizers are Illinois farmers.

There were 17,991 members of the U. S. Grain Growers, Inc., in the country as a whole by Oct. 15. Nebraska, Missouri, Oklahoma, North Dakota and Indiana are the other states in which organization is being carried on, but more states will be solicited soon.

Nearly six hundred elevators in the country have joined the new farmer-owned corporation.

Dixon Boy Head of Freshman Class at Jacksonville School

Lawrence Dale, who graduated from the Dixon High school last year, is attending Illinois College at Jacksonville and has been elected President of the Freshman class. Dale is also a member of the Football squad at Illinois College.

In a football game between Illinois College and Normal University Saturday, Illinois won with a score of 25 to 0. The Illinois College team showed considerable improvement, both on offense and defense, over previous games. Normal proved a worthy foe, but could not withstand Illinois' attack on the line.

Supt. L. B. Pader of the Dixon High school is an alumnus of Illinois College.

ACHIEVEMENT DAY GREAT EVENT FOR BOYS', GIRLS' CLUB

Champion Teams Awarded Prizes and Medals During Day.

(Continued.)

The "Achievement Day" meeting held at the Shadows Theatre, Amboy, Ill., marked the closing of this year's contest for the boys' and girls' clubs of Lee county.

Premiums were given at this meeting to the successful members. Each club member who had completed the work required, in keeping a record of his project, making an exhibit of the product and turning in a final report, was awarded a gold achievement pin bearing in enameled colors a four leaf clover with 4 H's which constitute the national club emblem.

The two champion members, one in the home economics project and one in the livestock project, were awarded free trips to the International Livestock Exhibition to be held in Chicago this fall. These trips are offered by the Lee County Farm Bureau and will include the free trip through the Lincoln Stock Yards, packing houses, Art Institute, Lincoln Park, and other points of interest in Chicago, which is given each year for winning club members by Armour & Company of Chicago. The championship trips were awarded to Georgia Derr of West Brooklyn and Earl Miller of Walnut.

Seals were also awarded to the three standard achievement clubs in the county which are: The Shamrock club of Sublette, The Community, Garment club of West Brooklyn, and the Harmon Garment club. The seals are to be placed on their charters, which these clubs have been granted from the U. S. Department of Agriculture and the University of Illinois co-operating in Junior Extension and signify that these clubs have met all requirements that entitle them to be called "Achievement Clubs."

A very interesting report was given by each of the three members of the demonstration team which represented Lee county at the State Fair and represented Illinois at the Interstate Fair at Sioux City, Iowa.

This team consisting of Mildred Long, Mary Barton and Thelma Bidle of the Shamrock Club of Sublette having won first place in the demonstration contest at the county fair was sent with their leader, Mrs. J. A. Long of Springfield, to represent Lee county in the demonstrating contest there. Winning first at the State Fair they were then entitled to the trip to the Interstate Fair with their expenses paid by the Interstate Fair Association.

J. H. Baldwin, State Leader of Junior Extension was at the club meeting and gave his audience an excellent address in which he pointed out to the boys and girls some of the worth while things in club work. He mentioned that honesty and fairness to others and persistence in finishing the job in spite of discouragements are some of the things that are emphasized in club competitions. He showed that there were many other things to be gained than the practical idea of making money.

At the close of the program lantern slides were shown to illustrate several aspects of the club work, including the winning of premiums, the judging work in the calf club, the club group at meetings, the demonstration teams, and showing Lee county's demonstration team which won the trip to the Interstate Fair at Sioux City, Iowa.

Moving pictures were shown giving "Uncle Sam's Pig Club" which showed how pig club work is done in the southern states; "Co-operative Cow Testing Associations," which was of interest to calf club members who did some work in milk testing; "The Visitation of the Victors," showing Armour & Co.'s free trip to club members at the International Livestock Show of last year.

This year of club work in Lee county has been, in regard to quality of work done and new attainments achieved, the best year that we have had.

There were enrolled 87 members of which 45 were boys and 42 girls. There were 24 members in the dairy calf projects, 5 in the poultry and 37 in the garment project.

Exhibits at the County Fair were better than ever before. 59 members exhibited their products which consisted of 10 calves, 23 pigs, 2 ribs of poultry and 60 garments. Team demonstrations were given by 5 teams. The Fair Association paid premiums to the club members to the amount of \$154.00.

At the State Fair one team from Lee county demonstrated received first premium, and several of the garment club members received premiums on their exhibits.

Some of the stories of the club members will be published by local and state papers that others may know what Lee county boys' and girls' clubs are doing. The general interest in club work has been good. D. E. Warren, County Club Leader is looking forward to the enrollment of many new members for next year.

It is hoped that next year more can be made of the local organized club, since this feature has proven very helpful this year. There are at present four local clubs, each having their officers and leader. Three are garment clubs whose leaders are Mrs. H. A. Bernardin of West Brooklyn, Mrs. J. A. Long, Sublette, and Mrs. Wm. C. Hill, Harmon, and one is a pig club which will continue next year with the sow and litter project under the leadership of Glenn W. Bass of Walnut.

Much of the success of the past year of club work is due to the co-operation of these local leaders.

PEOPLE'S COLUMN.

"YED" ASKS QUESTION.

Editor Evening Telegraph—"I read Citizen's article on bronze tablet and was pleased with what he said relative thereto and was surprised at his desire that the veterans of the several wars should circulate a petition asking the county clerk to have the tablet submitted to the memorial submitted to the people and have it balloted at the next election. Now, why not ascertain if the people are in favor of any kind of a monument, triumphal arch, community building? Why should the veterans be called upon to solicit for a tomb stone for services rendered the country in its need? I would like to see a permanent triumphal arch where the temporary arch now stands with the east abutment on the court house ground, the west abutment on the postoffice ground, thus making a local and national remembrance.

"I would have this inscription engraved in a conspicuous place: 'Lee County's Grateful Tribute to Its Gallant Soldiers, Sailors, Marines and Aviators.' If the voice of the American people could be put into the throat of one great orator, this is what he might say to the men who fought at Bull Run, Shiloh, Antietam, Gettysburg, Vicksburg and Chickamauga in the war of the Rebellion:

"Men of the Grand Army, you cannot write your glorious achievements to the American people and the country you love. There is no pen made which is fine enough to transcribe your gifts of fidelity, loyalty, patriotism and exemplary manhood which you have already given to your people. There is no parchment white enough to contain the spiritual bequests of your heroic company to the generations of the future, your priceless heritage to mankind and more especially to the United States of America, is written upon the granite rock of the New England hills, upon the dry grass of mid-western plains, upon the waters of the rushing rivers, upon the trees of the California forest, upon the blue sky which canopies the land you fought to preserve."

And I feel assured that if this matter of a memorial is brought to the notice of the people and that Lee county is called upon you will by vote appropriate seventy-five or \$100,000 as God is present in the conscience of good and bad; he is there as a remembrance to call our action to mind for a suitable memorial and in keeping with her people. Some may make inquiry and ask why am I so interested in a monument to Lee County's soldiers. My answer is that I served in the army with men from Dixon, (I, e.) 65th regiment, volunteer infantry and the 12th regiment, volunteer cavalry and I know of their service. While not having met any of them personally during the war I became acquainted with them after

coming to Dixon, 54 years ago, and we were firm friends until their demise. A monument erected to the men who went to the several wars from this county will not be a local affair while names only of Lee County soldiers will appear. Every veteran of the several wars will perk up with pride to think their service is being recognized and appreciated. I would at the zenith of this memorial have a group of private soldiers in the uniform of the Mexican war, Civil war, Spanish-American war and the World War. As most of the memorials erected since 1865 have been of generals, I would have this the first memorial in the United States of America dedicated to the private soldier. "The man with the musket is mine."

"Yed."

Laundry Queen ELECTRIC WASHER

Of all the tasks that are supposed to belong to women, the family washing is the hardest and most disagreeable. It has ruined health, delicate hands and disposition and given the second day of the week the unpleasant sobriquet, "Blue Monday."

But to any home where there is electricity, the Laundry Queen Electric Washer brings deliverance from the drudgery of old fashioned washing. It puts the washboard and the hand wringer in the obsolete class with crocheted tidies and wax flowers.

It carries through all the real work of washing and makes high-priced, haughty help an unnecessary luxury.

The Laundry Queen Electric Washer is so much more capable in many ways than human hands—so much more considerate of clothes—you sure it will be interested in its various features.

It does more than wash. It wrings, rinses and blues the clothes, too.

Penrose Hopes for Vote on Tax Bill

Washington, Oct. 20.—Provisions of the tax revision bill exempting from taxation portions of the incomes of foreign traders and foreign trade corporations derived from sources outside of the United States were before the senate again today, with opponents, led by Senator La Follette, Republican, Wisconsin, prepared to continue their efforts to have them stricken out.

Despite the fight on these sections and others yet to be considered, Chairman Penrose of the senate finance committee has not given up hope of obtaining a unanimous consent agreement for a final vote on

the bill the last of next week, he said today.

Freepoint, Ill., Oct. 21.—Preparations are under way for the fall meeting of Freepoint Consistory, to be held at Masonic temple, this city, on November 8, 9 and 10. A program of extraordinary interest is being arranged, and it is expected a very large class will receive the Scottish Rite degrees. Hundreds of members from towns throughout northern Illinois will attend the sessions, it is believed.

A reception, card party and dance will be given on Thursday evening, November 10, at 8:30 o'clock.

NOTICE.
City subscribers who are in arrears are asked to call at the Evening Telegraph office and take care of their account. Subscriptions to the paper will no longer be allowed to run.

Hot Water Each Morning
Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin clear and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire

alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act upon the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Unionists Will Try to Censure Premier Lloyd George's Govt.

London, Oct. 21.—Unionist members of parliament have given notice they will move what is equivalent to a vote of censure of the Lloyd George government on the day appointed for a discussion of Irish matters in the house.

It is expected that Irish affairs will be considered early next week, but the date has as yet not been fixed officially. There were reports a few days ago that Ireland might be discussed on Tuesday, but there seemed to be a disposition to postpone the debate for a few days.

Those involved in this move, are the extreme Unionists, who always have opposed a conference with the representatives of the Dublin government. They do not exceed more than 30 or 40 and it would appear the motion they will introduce has little chance of passing.

It is regarded as symptomatic, however, of the anti-conference attitude said to have developed in Unionist constituencies while parliament was in recess.

Thefts of Foods for Russia Very Slight

London.—Thefts of food supplies sent to Russia by the American Relief Administration have been very small says a letter from Walter Lyman Brown, European director of the administration, which is quoted by the London Times. The letter concerns primarily reports that the Russians took large quantities of supplies sent to Petrograd on board the Danish steamship Phoenix and Mr. Brown declares the loss occasioned by the action of longshoremen there was only slightly more than one-half of one per cent. He declares that this loss could not by any stretch of imagination be called looting.

Only 7790 pounds of a cargo of 1,878,363 pounds was missing between the time the steamer was loaded in Hamburg until the supplies were placed in the Petrograd warehouses and this shortage was inclusive of all losses. Mr. Brown's letter adds that American Relief Administration trains have reached distant points in Kazan, Samara, Simbirsk and Saratov, with comparatively no shortage in the recontents.

One of Five Train Robbers Sentenced

Effingham, Ill., Oct. 21.—Joseph Davis of near Tower Hill, indicated by the Effingham county grand jury Wednesday as being an accomplice in the robbery of a B. & O. train near Altamont, Aug. 4th, pleaded guilty Thursday and was sentenced to one to ten years in the Chester penitentiary.

He is said to have made a full confession to Sheriff Marshall and search is now being made for the four men he is said to have driven to Beecher City where they boarded the train. He met them near Altamont and is said to have driven them back to his home.

First Hanging in 27 Years in Urbana

Urbana, Ill., Oct. 21.—John Christman, 27 years old, colored, was hanged in a stockade in the jail yard at 6:30 o'clock this morning for the murder of his 17 year old wife last May. He had confessed the crime, and his statement on the scaffold consisted of a brief resume of his life and a plea for prayers.

The trap was sprung at 6:30 o'clock by Sheriff George W. Davis and 27 minutes later Christmas was pronounced dead. It had been 23 years since the last previous hanging in Champaign county.

Press. Assn. Urges Open Deliberations as Far as Possible

Honolulu, Oct. 21.—The first resolution acted on at the Press Congress of the World, one proposing open sessions at the Washington conference on limitation of armaments, developed such opposition to the original resolution that a compromise was adopted yesterday. It urged opening of the sessions of armament conference sessions to the press "so far as is compatible with transaction of its business."

Opposition to the original resolution was led by Colonel Edward Frederick Lawson, assistant managing proprietor of the London Daily Telegraph, who said that the presence of newspaper men at certain of the deliberations would be sure to occasion embarrassment.

Walter Williams, dean of the school of Journalism at the University of Missouri, was re-elected president of the Press Congress.

RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

SHE TOOK HER FRIEND'S ADVICE

Now is the Best of Health Because she took Lydia E. Pinkham's Vegetable Compound

Detroit, Mich.—"I was not feeling well for several years and never was able to eat any breakfast and always complained of a headache or tired feeling which at times required me to stop my work and rest. I have never had a physician and never took any medicine for it until your was recommended to me.

by a neighbor whom I used to visit frequently. I took four bottles of Lydia E. Pinkham's Vegetable Compound, and now I am in the best of health and enjoying my work every moment of the day."

Mrs. L. M. DARRAS, 46 Howard St., Detroit, Mich.

It is not always in business that a woman is forced to give up her work on account of ill health. It is quite as often the woman who does her own work at home. When backaches and headaches drive out all ambition, when that bearing-down sensation attacks you, when you are nervous and blue, the one great help for such ailments is Lydia E. Pinkham's Vegetable Compound.

Keep Sloan's handy for neuralgia, sciatica, lame back, stiff joints, sore muscles, strains and sprains.

At all druggists—35c, 70c, \$1.40.

FOUR COLLEGE YOUTHS KILLED IN AUTO MISHAP

Bunch of Keys Was Cause of Undoing

String of Cars Hid View of Rushing C. & E. I. Train.

Milford, Ill., Oct. 21.—A string of box cars standing on a siding and obscuring a view of the track was the explanation given today by Louis Roberts of Chicago, for the automobile crash with a Chicago & Eastern Illinois train, which resulted in the death of four university students and the serious injury of another of his companions.

Reports said that yesterday morning he and the other boys "chipped in" and bought the car that they might drive to Princeton, N. J., in time to see the Chicago-Princeton football game tomorrow. He said they intended to drive day and night in order to make the 800 miles in time.

The list of dead include Thomas Monilaw of Chicago, Harold Skinner of Oak Park, Ill., Stanwood Johnston of Minneapolis and Herschel Hopkins of Oregon.

Walter Reckless, who was seriously injured, is now in a hospital at Watseka, Ill., where he was taken immediately after the accident.

May Settle School War in Pawnee, Ill.

Pawnee, Ill., Oct. 21.—Settlement of the school war in this town, which is in sight this morning, after President P. J. Howard of the school board denied that he had resigned, and announced that a new high school principal, the third in two months, would be employed. A citizens' mass meeting Wednesday night demanded that the board reinstate B. J. Beinlich, discharged the first of the week.

CLASSIFIED ADS MUST BE PAID IN ADVANCE.

Potatoes

You will find our stock here always the best. Graded stock. Don't compare our prices with stock unloaded by others here which are ungraded and field run.

We do not look for late Potatoes No. 1 stock to sell for more than \$1.25 per bushel and we believe that they will be less later. Stock is a little green from the best sections yet and prices are getting lower every day, so the longer you wait for late stock the cheaper and better they will be.

We always have 4 or 5 cars of best grade Red River Ohio on hand.
